

Does St Lucia offer incentives for solar PV installations?

The government of St. Lucia recognizes the importance of transitioning to renewable energy sources and often provides incentives to encourage solar PV installations. These incentives may include tax credits, rebates, or favorable financing options.

How much does a 2 kW solar system cost?

As of January 2022, the average cost of solar in the U.S. is \$2.77 per watt (\$5,540 for a 2-kilowatt system). That means the total 2 kW solar system cost would be \$4,100 after the federal solar tax credit discount (not factoring in any additional state rebates and incentives).

How do I get the best deal on a 2 kW solar system?

Now that you know what to expect, you can ensure that you get the best deal on a 2 kW solar energy system by registering your property on the EnergySage Solar Marketplace. Use the comprehensive, easy-to-understand comparison tables to evaluate your equipment options, financing offers, and solar company reviews.

As of January 2022, the average cost of solar in the U.S. is \$2.77 per watt (\$5,540 for a 2-kilowatt system). That means the total 2 kW solar system cost would be \$4,100 after the federal solar tax credit discount (not factoring in ...
