Best-selling & most-powerful solar generator for hurricanes, wildfires & storms. Our longest-selling unit... strong enough to power your fridge. No Power?

Who makes 4patriots power generators?

4Patriots is a respected U.S.-based company focused on manufacturing innovative emergency preparedness equipment and resilient backup power solutions for homes and families. Their flagship products are the Patriot Power Generator portable solar generator models, which currently include:

How much does a 4patriots Generator cost?

The 4Patriots official site lists the same generator at \$2,497, highlighting features such as dual charging options (solar and AC) and a solar input potential of 240 watts. They also include promotional offers that may provide additional items or discounts with purchase.

How many solar panels can a patriot power generator 2000X use?

It's kind of like cylinders in an engine. More panels = more power. You can safely connect up to 4 solar panels to your Patriot Power Generator 2000X. Meaning you could "quadruple" your recharge power. If this seems like a "high-tech" task, it's not. Every solar panel is made with the ability to "chain" to another panel.

How much does a patriot power generator cost?

Another source, GreenCitizen, confirms that the current price for the Patriot Power Generator on the official website is \$2,497.00. This generator is designed for emergency situations and can support multiple devices simultaneously, although some reviews express concerns about its relatively small battery capacity compared to its price.

How much power does a 4patriots Patriot 2000X have?

The 4Patriots Patriot 2000X delivers 2,000 watts of continuous power output capability and brief 2,500-4,000W surge capacity to handle starting appliances and electronic loads. Are solar generators worth it?

A Patriot Power Generator is an investment in being prepared for emergencies, natural disasters, and power outages. It costs \$2,499.95, and it includes a generator and a free solar panel to charge the generator. Both the generator and solar cells are completely portable.
