

Aggreko's Energy Transition Solutions division announced the acquisition of the C& I installer in July 2024. STAMFORD, Conn. and HAMILTON, N.J., July 08, 2024 (GLOBE NEWSWIRE) -- Aggreko Energy ...

The mining industry is undergoing a meaningful energy transition - from traditionally relying on diesel for power generation to moving towards renewable and alternative fuel solutions. In this whitepaper, we will explore insights from Aggreko's mining specialists and from industry analysts about what the next few years might look like in ...

Aggreko Energy Transition Solutions. Join Us Shaping an Economically Viable, Sustainable Future. AETS is committed to generating lasting value for our customers and communities by providing turnkey clean energy solutions that are cost-effective and reliable. Partner with us to accelerate the energy transition and achieve a more sustainable future.

You need a partner that can help you navigate the Energy Transition and prioritise the range of new technologies and fuel alternatives to consider in your energy mix. Partnering with Aggreko will help you in your transition whether that's to a lower carbon future, decentralised economy or through digitalisation and energy management optimisation.

AETS specializes in innovative energy solutions for multinational commercial and industrial customers. We use proven technology to provide flexible, value-added solutions tailored to your needs. As your energy transition partner, we stand as a single point-of-contact globally over the full project lifecycle from feasibility through operations to deliver reliable outcomes.

With diesel having been key to powering many different phases of a project's life-cycle for decades, a transition to alternative fuels must be meticulously planned and executed. Breaking down your Energy Transition into clear phases makes it easier to approach and removes the risk of trying to do too much, too soon.

HOUSTON, May 19, 2023 - Aggreko, the world's leading provider of mobile modular power, temperature control and energy services, today announced that the company's Energy Transition Solutions ("Aggreko ETS") division will become the strategic capital partner for the Farmers Powering Communities community solar initiative.
