

Ajay Industrial Corporation Limited specializes in providing innovative solar energy solutions, delivering high-quality products and services that empower sustainable, cost-effective energy for homes and businesses.

Ajay Solar inverter is an inverter designed to operate with a single PV module. The micro-inverter converts the direct current output from each panel into alternating current. We have Inverters of 400V to 1000KV. Our Inverters obtain maximum power for any given environmental conditions.

Solar energy is a key component of Botswana's strategy to diversify its energy mix and reduce dependence on fossil fuels. By investing in solar power, the country aims to improve energy security, create jobs, and stimulate economic growth while contributing to global efforts to combat climate change.

ABOUT US India is home to millions of poor people. Those who have limited means to live and they struggle to get the means of their need in life: - Food, water, shelter. Our country's freedom today has completed 72 years. [Read More OUR CURRENT PROJECTS](#) [READ MORE](#) [DONATE NOW \(ONLINE\)](#) [DONATE NOW \(OFFLINE\)](#) [READ](#)
