

Who is Dongguan zwayn new energy company?

Dongguan Zwayn New Energy Co.,Ltd Founded in 2011,Weineng New Energy Companyadheres to the development concept of continuous innovation and has rapidly developed into a technology driven national high-tech enterprise integrating energy storage power research and development,design,production,and sales.

Who is zwayn?

ZWAYN is a leading energy storage battery supplier in the world. we provide many types of energy storage products for home,business and industry. We also provide various types of lithium batteries and custom services.Welcome global agents,dealers to purchase our products.

What is zwayn high-voltage energy storage system?

Zwayn high-voltage home energy storage system, voltage from 204V-409V, cell is LiFePO4, supports 10 batteries in parallel to expand storage capacity, compatible with multiple brands of inverters. Zwayn high-voltage energy storage system is very suitable for household emergency backup power supply.

How many batteries can a zwayn high-voltage home energy storage system support?

This battery,which supports multiple sets of parallel operation,can provide continuous and stable power for your home. Zwayn high-voltage home energy storage system,voltage from 204V-409V,cell is LiFePO4,supports 10 batteriesin parallel to expand storage capacity,compatible with multiple brands of inverters.

How many employees does zwayn have?

Zwayn has 200 workersat 5 production line to meet our customers' quick delivery requirements. In the meantime,Zwayn factory has a strong engineer team,such as Mechanical engineer,BMS developing engineer,Electrical engineer and application engineers.

What is zwayn lithium iron phosphate battery?

ZWAYN Lithium Iron Phosphate Battery is a wide range of lead acid replacement battery packs. Read the news,learn more about Zwayn and more product knowledge. Zwayn invites you to exhibit at the 136th Canton Fair Autumn Edition in Guangzhou,China.

ZWAYN New Energy Co., Ltd.established in 2011,adheres to theinnovative development conceptand has rapidly developed into atechnology-driven national high-techenterprise integrating R& D, designproduction, and sales of energy storagepower.Its brands include "GENIXGREEN"and "LUXWATT"; and its business coversmore than 100 countries in Europe,America, Africa, ...
