Solar Systems. Solar panels can help offset a significant portion of the electricity costs for your home or business while reducing your carbon footprint. GreenTech utilises only Tier-1 quality solar panels with factory warranty periods of up to 25 years.

Cayman's goal of obtaining 70% of its power from renewable resources by 2037 has raised discussion for alternative ways of doing this. While solar power remains a trusted option for renewable energy, with rising fuel prices and increasing air conditioning costs, interest in geothermal energy cooling systems is also on the rise.
