Last week's acquisition of Engenio, LSI's external storage unit, by NetApp caught a lot of people by surprise. While NetApp's desire to continue to grow through acquisition was no great secret, its decision to grow by acquiring Engenio did not on the surface initially make a lot of sense to me. After all, why would NetApp, who consistently pokes EMC in the eye for ...

The business develops and delivers Engenio external storage systems products and technology to a wide range of partners that provide storage solutions to end customers. It generated revenues of \$705 million in 2010. The LSI RAID adapter business, which develops LSI MegaRAID and 3ware storage controllers and software for direct-attached storage ...
