

# Ardandra storage and solar project Jordan

Who owns ardandra solar & storage?

One of Octopus Investments Australia's Queensland assets is Ardandra Solar and Storage. Acquired earlier this year, it was the single largest renewable energy generation project under construction in Australia as of August, according to a report from the Clean Energy Council (CEC) trade group.

Where is octopus' ardandra storage & solar project located?

The Ardandra storage and solar site, as it is referred to, sits adjacent to Octopus' existing Dulacca Wind Farm and will connect into the same line, the company says. That is, the projects will sit in Queensland's south, just under 400 km west of Brisbane.

Where will ardandra & Dulacca be built in 2025?

That is, the projects will sit in Queensland's south, just under 400 km west of Brisbane. "When constructed in 2025, Ardandra in combination with Dulacca will create the 'Western Downs Energy Park,'" Octopus Australia says, though it is not clear whether 2025 will mark the beginning of construction or the project's completion.

Ardandra Solar Farm and Battery. A hybrid solar and battery project located adjacent to our existing Dulacca Wind Farm, providing a unique opportunity to introduce, solar, wind and battery to the market via the same transmission line.

Octopus Energy Australia has announced the acquisition of the 175 MW Ardandra solar and 400 MWh storage project in Queensland, Australia. With an expected completion date of 2025, it will be connected to the same line as the Dulacca wind farm, creating the largest integrated multi-technology renewable energy parks in Queensland.

Octopus acquired the project in October 2023. Once switched on, it will add to the company's other wind and solar assets in the Australian state, including the operational Dulacca Wind Farm and the Ardandra solar-plus ...

Octopus has already made big inroads into the Australian market via the Dulacca wind farm in Queensland (pictured above), and the neighbouring Ardandra solar and battery project, the Darlington ...

Table 1: Phase-level project details for Ardandra solar farm. Status Commissioning year Nameplate capacity  
Technology Owner Announced: 2025 (planned) 175 MW: PV: ...
