for nearly 80% of Trinidad and Tobago's (T& T) export revenues and thus, the energy sector remains a cornerstone contributing significantly to government revenue, export earnings and GDP. In the 2025 National Budget presentation, The Minister commented that the energy sector will be a major contributor to our economic survival for years to come.

Trinidad and Tobago is the largest producer of oil and gas in the Caribbean region. Petroleum is the main source of energy and since the 1940s has been the principal industry. Petroleum and petroleum products provided 68% of export earnings and 22% of government revenue in 1995. However, production of petroleum has been steadily decreasing ...

To enhance renewable energy output, the Trinidad and Tobago Electricity Commission (T& TEC) Act, Chapter 54:70 and Regulated Industries Commission Act, Chapter 54:73 would have to be amended as these currently do not make any provisions for renewable energy production by independent power producers (IPPs). In this regard, the government of ...
