

Sustainable Earth : Solar pioneers in Dominica... since 2007. Seventeen years later and in the aftermath of 2017's destructive tropical storms and hurricanes, and after living the disrupting ...

Founded in 2009, Artech Solar (SSE-STAR: 688408) is one of the world's leading manufacturers and solution providers of solar tracking, racking and BIPV system with over 800 employees worldwide. It is headquartered in Kunshan, Jiangsu Province of China, with global business division and manufacturing bases in Shanghai and Changzhou respectively.

#ArtechEvent Last week, the #ArtechIndia team participated in the #IndiaSolarWeek2024 event organized by SolarQuarter Global in #NewDelhi. The team was also awarded Solar Company of the Year in the field of #Trackers. Ganesh Rai, Technical Sales Head of the Artech India company, delivered an insightful presentation on the benefits of #solartrackers, highlighting ...

Sustainable Earth : Solar pioneers in Dominica... since 2007. Seventeen years later and in the aftermath of 2017's destructive tropical storms and hurricanes, and after living the disrupting episodes of load shedding by Dominica's unique utility provider, DOMLEC, the importance of self-sustainable renewable energy is undeniable. ...

The solar power plant locates in Parau in central Romania. Romania is located in an area with a good solar potential of 210 sunny days per year and with an annual solar energy flux between 1,000 kWh/m²/year and 1,300 kWh/m²/year. From this total amount around 600 to 800 kWh/m²/year is technically feasible.

El sistema de seguimiento solar, como una de las soluciones a atender este desafío, puede mejorar la eficiencia de generación de energía al obtener más radiación solar mediante el ajuste de la orientación de los módulos y la reducción del ángulo generado entre los

módulos y la luz solar directa.Los seguidores de Artech son soluciones con un alto retorno de la inversión y ...

Artech, the world's leading solar tracking, racking and BIPV solutions provider, emerges as the only company among the global Top 5 solar tracker suppliers to achieve an impressive annual growth rate of 131%, according to the Global solar PV tracker market share report 2024 released by Wood Mackenzie. This remarkable success can be ...

Artech Solar, a leading solar tracking and racking system provider, announced that it has sold over 1GW of fixed structures and solar trackers to 12 utility-scale power plants in Vietnam in the past year, and all of these PV plants were connected to the grid before 30th June 2019 in accordance with Vietnam's solar Feed-in-Tariff program.

Hemos puesto en marcha el parque solar Girasol, de 120 MW. Gracias a esta planta, la mayor de las Antillas, la República Dominicana ha aumentado en un 50% su generación fotovoltaica.

ARTECH SOLAR nace debido a la necesidad de ofrecer soluciones de energía limpia y al mismo tiempo reducir costos por la utilización de paneles solares. Esto contribuye a mejorar la calidad de vida de las personas permitiendoles utilizar sus ...
