This report analyses the cost of lithium-ion battery energy storage systems (BESS) within Europe's grid-scale energy storage... Read More & Buy Now ... Wood Mackenzie's modelling of energy transition pathways and the route to net zero Explore. Market Insights, Blogs, podcasts & newsletters

Research firm Wood Mackenzie has released its latest global battery energy storage system BESS integrator report, for 2023, showing the market became more competitive with a smaller share by the top five.

Wood Mackenzie's modelling of energy transition pathways and the route to net zero Explore. Market Insights, Blogs, podcasts & newsletters Market Insights ... Reviewing key players along the battery energy storage supply chain, including BESS integrators, individual battery cells and subcomponents. \$5,990. Market Report

Additionally, according to Wood Mackenzie, in the European market, dominant integrators include Fluence (19%), Nidec (18%) and BYD (17%). Wood Mackenzie's BESS Integrator market share rankings are based ...

Sungrow has lost its crown as the "lead producer" in the battery energy storage system (BESS) integrator market to Tesla, according to the Wood Mackenzie report "Global battery energy storage system integrator ranking 2024".

"This quarter showed massive growth compared to year-ago levels, and the grid-scale segment continues to be the main driver," Wood Mackenzie senior energy storage analyst Vanessa Witte said of the latest ...

The global Battery Energy Storage Systems (BESS) integrator market has grown increasingly competitive in 2022, with the top five global system integrators accounting for 62% of overall BESS shipments (MWh), according to latest analysis by Wood Mackenzie.

According to Wood Mackenzie, the BESS integrator market had grown increasingly competitive in 2022, with

the top five global system integrators accounting for 62% of overall BESS shipments (MWh). Sungrow dominated the market with 16% of global market share rankings by shipment (MWh), jointly followed by Fluence (14%) and Tesla (14%), Huawei (9% ...

According to a new analysis from Wood Mackenzie, Sungrow dominated the global battery energy storage systems (BESS) market in 2022 as the leading vendor, followed closely behind by Fluence and Tesla. According ...

From ESS News. In North America, the top three vendors - Tesla, Sungrow and Fluence - captured 72% of the region's market share for BESS shipments in 2023, marking an increase for these companies of 20% YoY. At the same time, Wood Mackenzie also reports that the US buildout of microgrids nearly doubled for commercial and industrial users in 2023, ...

Expansion at the plant represented the single biggest addition of capacity in the US in Q2 2023, Wood Mackenzie said. Image: LG Energy Solution. The US energy storage industry enjoyed another quarter of record growth in Q2 2023, with 1,680MW/5,597MWh of new installations tracked by Wood Mackenzie.

"This quarter showed massive growth compared to year-ago levels, and the grid-scale segment continues to be the main driver," Wood Mackenzie senior energy storage analyst Vanessa Witte said of the latest numbers.

US" Tesla Inc (NASDAQ:TSLA) has outpaced China's Sungrow Power Supply Co Ltd (SHE:300274) to become the top producer in the battery energy storage system (BESS) integrator market in 2023 with a market share of 15%, according to a report by Wood Mackenzie, announced today.

The U.S. energy storage monitor is a quarterly publication of Wood Mackenzie Power & Renewables and the American Clean Power Association. Each quarter, we gather data on U.S. energy storage deployments, prices, policies, ...
