

At Astrum Energy we understand that the people that need solar the most are usually the ones that are unable to afford it. Our PaySave repayment plan is an innovative award winning way for purchasing solar. We aim to match your weekly repayments for your solar system with your weekly savings on your generator expense. We offer up to 70% finance ...

The energy used to manufacture a solar power system is small compared to the energy generated by the system and is paid back many times over the life of the system. Solar power is completely renewable - so it will never run out - and in sun-drenched Australia, there is plenty of it.
