

What type of batteries will you get at zenaji?

The type of batteries you will get at Zenaji consists of a unique battery management system. The system provides the ultimate battery protection and optimises the performance of your battery. We ensure all our battery systems offer a long-term solution to all your energy storage needs.

Who sells zenaji lithium titanate batteries?

R&J Batteries is a distribution partner of Zenaji Lithium Titanate Batteries. The Zenaji Aeon Battery allows you to take full advantage of your home solar installation, delivering the best lifespan and performance on the battery market.

Who makes zenaji batteries?

Zenaji, founded in 2016, is an Australian-owned company with a specialisation in the development and production of Lithium Titanate (LTO) batteries. Their flagship product, the AEON battery solution, is manufactured and assembled at their plant in Mentone, Victoria.

Where can I buy a zenaji Aeon battery?

The Zenaji AEON battery can be purchased via a network of distributors including R&J Batteries, Solar & Storage Australia and Energy Connections. Their battery is on the CEC-approved product list meaning it can be purchased through the Victoria, South Australia and Northern Territory battery rebate schemes.

Who is zenaji Australia?

For several years our team have been researching and designing battery solutions. In 2017 we started Zenaji Australia Pty Ltd to manufacture and distribute our latest product, the Zenaji Aeon Battery. We continue to research and develop the very best battery solutions for the domestic, commercial and utility sectors.

How long can a zenaji battery last?

Zenaji's market leading battery longevity makes it capable of delivering over 22,000 cycles (within warranty). With low degradation and high resistance to higher temperature ranges, our battery energy storage system offers everything you expect from a reliable energy storage source.

Their battery is on the CEC-approved product list meaning it can be purchased through the Victoria, South Australia and Northern Territory battery rebate schemes. Their battery has met international certification standards and is well recognised for its 20 year warranty and an industry leading 100% depth of discharge.

The Zenaji Aeon Battery is designed for use in domestic, commercial and stand-alone energy storage installations. 22,000 Cycle Life: Zenaji Aeon Battery boasts the highest battery cycle ...

KEY BENEFITS OF ZENAJI ETERNITY 32KWH. 32 kWh 48v scalable building block; Infinitely scalable

(series & parallel) 10 year or 22,000 cycles warranty; Lowest lifetime cost battery; No thermal runaway; 100% depth of discharge; ...

The Zenaji Aeon battery is a leap forward in residential batteries, with its innovative new renewable energy storage system based on Lithium Titanate, or LTO. Founded by Dawson Johns and Charles Van Dongen, the Australian company has grown into a multidisciplinary team.

We are the leading solar battery manufacturers in Australia; we specialise in supplying Australian designed, engineered, manufactured & assembled solar power storage batteries. We work with the objective to help our clients transition to renewable energy sources smoothly.

The advanced Zenaji Aeon Battery is designed for superior performance to last a lifetime. The Lithium Titanate battery chemistry is a mature technology with many companies using LTO batteries in their products due to its high lifespan, supreme safety, and quick charge capabilities.
