At COP29, the Asian Infrastructure Investment Bank (AIIB) signed a financing agreement of \$160 million for its first private-sector renewable energy project in Azerbaijan, marking a major step in expanding green infrastructure across the Caucasus region, Report informs referring to the bank.

As the largest institutional investor in the Caucasus, the EBRD has been a key partner for Azerbaijan for over 30 years, investing EUR3.7 billion across 191 projects. This includes Azerbaijan's first utility-scale solar power plant, recently completed by Masdar, and contributing to more than 1.2 GW of renewable energy capacity in the country.

At COP29, the Asian Infrastructure Investment Bank (AIIB) signed a financing agreement of USD160 million for its first private-sector renewable energy project in Azerbaijan, marking a major step in expanding green infrastructure across the Caucasus region.

CHA concluded that the development of Banka Solar will not adversely affect bird priority biodiversity features (PBFs), and no net loss will result from development of the Banka Solar to these PBFs. The Bilasuvar Solar area comes within 1 km of an internationally recognized KBA, specifically the Lake Mahmudchala IBA.

The Gama Sonic Baytown II Bulb is a single solar lamp post with EZ Anchor mounting system that features a traditional design that resembles a 19th-century lantern. Installation takes minutes and comes with all necessary hardware needed for mounting this unit anywhere where ample sunshine is available. Stylish and easy to install, this solar ...

Masdar has signed agreements to develop onshore wind and solar projects and integrated offshore wind and green hydrogen projects with a total combined capacity of 4GW in Azerbaijan, with an option to expand the total capacity to 10GW, in support of the country"s aim to generate 30 percent of its energy capacity from renewable power by 2030.

At COP29 in Baku, the European Bank for Reconstruction and Development (EBRD) revealed a significant investment in Azerbaijan's renewable energy future. Teaming up with the Asian Development Bank (ADB) and the Asian Infrastructure Investment Bank (AIIB), the EBRD will help fund two major solar power projects.
