

Will Kosovo build a battery energy storage system?

The government of Kosovo will build a battery energy storage system(BESS) with a capacity of 200MWh-plus to deal with the energy crisis.

Is Kosovo planning a solar auction?

Kosovo is planning a series of auctions for renewable energy and battery energy storage systems. Minister of Economy Artane Rizvanolli has revealed plans for further procurement exercises for 950 MW of renewables, totaling EUR1.2 billion, after announcing the shortlisted bidders in the nation's first solar auction.

Will Kosovo invest in solar power projects in Pristina?

Another procurement exercise will seek to deploy a solar district heating project in Pristina. According to its energy strategy, Kosovo also plans to hold two auctions for battery storage projects with a cumulative capacity of 170 MW.

What is Kosovo's Energy Strategy?

The energy strategy foresees 170 MW in battery operating power. In addition, procedures are scheduled to be announced in the fourth quarter for a solar power plant of 100 MW for government-controlled power utility Kosovo Energy Corp. (KEK) and a solar thermal system for district heating in Prishtina, according to Rizvanolli.

Will a 100 MW solar plant be built in Kosovo?

Kosovo's first solar auction for the construction of a 100 MW solar plant in the town of Rahovec attracted six bids, as revealed earlier this week.

Who owns the energy facilities in Kosovo?

Kosovo* will own the facilities, the ministry added. Economy minister Artane Rizvanolli said the program would back the independence of the national energy system and enable its transformation. The details will be made known after negotiations between the government and MCC, planned for May.
