

iCarib is a Saint Lucia based company that offers high quality solar power technology, both for electricity production as well as for hot water supply to all private households and commercial entities who want to support a sustainable lifestyle and cut electricity costs at the same time.

In the sun-soaked landscapes of St. Lucia and the Caribbean, a brighter, more sustainable energy future is dawning. With Ecocarib, your trusted partner in renewable energy solutions, we're here to illuminate the path to clean, reliable power through solar photovoltaic (PV) systems.

Our Solar business now provides the preferred channel to market for some of the world's leading PV manufacturers and our solar professionals work jointly with partners on enhancing product features, lowering lead times and improving cash flow.

During November and December representatives of Sol-Lucian attended Energy Awareness Fairs in both the north and south of Saint Lucia to provide attendees with information on the products and services offered by the company, and how they can turn sunshine into cash!

What are the photovoltaic battery projects in Saint Lucia This document presents St. Lucia's Energy Report Card (ERC) for 2020. The ERC provides an overview of the energy sector performance in St. Lucia.
