

At High Star Battery, we work closely with our customers to understand their requirements and provide tailored solutions. Our core business focus is wholesale distribution, and with years of experience in R& D and manufacturing, sourcing lithium-ion batteries from us comes with multiple benefits, including low prices, better quality control ...

????????,??

HIGHSTAR showcased its Tabless and sodium battery at the Battery Experts Forum in Germany, officially launching its latest Tabless cell series. The groundbreaking structural design significantly boosts battery performance, demonstrating exceptional capabilities and broad application potential.

At High Star Battery, we work closely with our customers to understand their requirements and provide tailored solutions. Our core business focus is wholesale distribution, and with years of ...

We focus on battery technology, covering including material development, components, BMS, and power system integration, Our products are widely used in power tools, household appliances, telecom back-up power, residential ESS, C& I ESS, Power-side and grid-side energy storage, 2-wheeler, specialized vehicles and other fields.

BSTOR provides services along the whole project lifetime of battery assets from development (feasibility, sizing, business model, procurement) and financing (revenue sourcing and structuration, debt sourcing, equity supply), to ownership (lifetime cost and revenue management, decommissioning) and decommissioning (second life management).

Highstar Power showcased its “integrated solution for light storage, charging, and diesel, as well as a full range of star products for sodium batteries”, highlighting the company's profound foundation and innovative capabilities in the field of new energy.

We focus on battery technology, covering including material development, components, BMS, and power system integration, Our products are widely used in power tools, household appliances, telecom back-up power, residential ESS, ...

High Star Battery is a leading company in research, development and manufacturing of lithium-Ion batteries. Throughout the years-since 1992, we have made many changes in improving our battery technology to provide reliable high-performance products for a variety of applications.

Intelligent BMS Protects the Battery Pack with Built-In DC/DC Module Features Automatic Charge and

Discharge Management with Bidirectional Voltage Boost and Buck Functionality Supports the Mixed Use of Lead-Acid and Tierd Batteries

????????,????????????????????????????????,?? ...

Smart: 3U design, mixed use of VRLA or Li-ion Battery, automatic charging and discharging. Automatic balancing, automatic reconnect, remote monitoring options and much more. Secure: Gyro sensor and anti-theft software lock, which renders the battery output inoperative.

At High Star Battery, we work closely with our customers to understand their requirements and provide tailored solutions. Our core business focus is wholesale distribution, and with years of experience in R& D and manufacturing, sourcing ...
