

Reliance Enterprises and Druk Holding have announced plans to develop a 500 MW solar power plant in Gelephu Mindfulness City, Bhutan. The project will be executed in two phases, with each phase delivering 250 MW of solar power. Once completed, this will become Bhutan's largest PV installation.

The partnership between Reliance Group and Druk Holding will focus on green energy generation, specifically solar and hydropower initiatives, while also exploring innovative green technologies.

New Delhi: Reliance Group, led by Anil Ambani, has signed an agreement with Bhutan's Druk Holding and Investments Ltd. (DHI) to develop 1,270 MW of renewable energy projects. The collaboration, formalized today, includes solar and hydropower projects aimed at expanding Bhutan's clean energy capacity.

Anil Ambani-led Reliance Group has partnered with Bhutan's Druk Holding to develop 1,270 MW solar and hydroelectric projects, including a 500 MW solar plant and a 770 MW hydro project. This marks the largest foreign direct investment in Bhutan's renewable energy sector, supporting the country's net-zero goals

Bhutan has taken a major step toward expanding its renewable energy portfolio with the signing of a Memorandum of Understanding (MoU) at the Bhutan Innovation Forum between Druk Holding and Investments Ltd. (DHI) and the Reliance Group.

Emphasizing well-being and sustainability, the smart city utilizes cutting-edge data analytics and IoT solutions to optimize resources, improve public services, and foster a harmonious community that aligns with Bhutan's Gross National Happiness philosophy.
