

The six-year process of developing and building Burundi's first solar plant was led by Gigawatt Global, an award-winning green energy developer and independent power producer for Africa.

Burundi's capital city of Gitega is now the only capital that is powered during the day with 100% solar energy. The use of solar power, which is now slated to provide 20% of the country's energy, will allow Burundi to ...

Built through a multinational effort, the pioneering 7.5 MW solar PV plant near the village of Mubuga has been in operation since May 2021 and now provides over 10% of Burundi's electricity, supplying clean power to tens of thousands of ...
