

Are solar panels free?

The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested. However, the federal government does not offer any programs for free home solar panel installations nor does the government require companies to grant solar panels for free to customers.

How do I get a free solar panel?

You can also give us a call at 1-800-SUNPOWER to speak with a solar advisor today. While "free solar panel" offers are common, that's usually not the whole story. Often, it's actually a solar lease or power purchase agreement with \$0 down, meaning "free" only lasts until the first monthly payment is due.

Are free solar panels a scam?

Many other "free" or "no-cost" solar programs are outright scams. Tax credits and other incentives can reduce the upfront costs of going solar without committing you to unfavorable terms -- just make sure they're legitimate. Can you get free solar panels?

Are free solar panels a lie?

While the word "free" implies there are no associated costs, this is not usually the case with free solar panel offers. "I have never seen an advertisement offering free solar that is not a lie," said Neil Gallagher of Brighterway Solar, a solar installation company in Florida.

Does the Department of energy offer free solar panels?

The Department of Energy and the Solar Energy Technologies Office have got you covered! The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested.

Are "free" solar panels a good idea?

The concept of "free" or "no-cost" solar panels really is too good to be true. "Free" solar panels are essentially rented from solar companies. While you will reap the benefits of cheaper electricity bills through solar power, you do not own the panels; the solar company does. Once your lease agreement is up, the panels will be removed.
