

Who is Capitol industrial batteries?

Capitol Industrial Batteries is an ISO9001 /ISO 14001 Accredited company and works closely with SEPA to protect the environment from the chemical materials used in stored energy and battery accumulators. We offer both a recycling and disposal service for waste batteries.

Where are Capitol batteries based?

Our team are based in Scotland, throughout our main depot and fully functional warehouse. Customers can drop in to peruse our range of products, batteries and charger accessories. This is mostly used by customer engineers on the move but is open to the general public. Capitol also has service centres in West Yorkshire and the Midlands.

What can Capitol batteries do for You?

Capitol Batteries offer a unique battery and charger package to suit requirements including mobility chargers (wheelchairs, scooters, floor cleaning) - to fully automated traction chargers for the forklift industry, computer-controlled charging systems for warehousing, rail industry, EV charging ports.

What types of battery chargers does Capitol offer?

Capitol offers a wide array of conventional and modular battery chargers designed to extend the life of any battery. We manufacture and stock a comprehensive range of recognised brands and specialised portable and desulfation charger types, including high-frequency 50Hz chargers (portable & standard).

Does CIB take back industrial batteries?

CIB is obliged to take back waste industrial batteries supplied to an end-user for treatment and recycling. Capitol Industrial Batteries are a nationwide SAFT approved service centre and distributor. Proud to supply and service the UK rail industry.
