

CEEG is a Group Company, who has more than 30 years of experience in manufacturing electrical equipments, including transformers, solar panels, solar inverters, solar batteries, and solar integrated storage systems. And CEEG is ...

China Electric Equipment Group(CEEG) established in 1990, is committed to the mission of "Delivering Premium Power to the World." As a tech-driven enterprise, we specialize in transformers, solar energy storage, intelligent distribution systems, and hydrogen energy, focusing on synergistic development in these related industries.

Ceegess is truly trusted and beloved by customers all over the world! This time in Tilburg, The Netherlands, a 12kWp solar system was built with a Ceegess Residential All-in-One Energy Storage System Three-Phase, with an overall storage capacity of 25.6kWh.

Ceegsun is a world-leading manufacturer of all in one solar energy storage system and solar photovoltaic cell modules. It covers an integrated industrial chain from batteries, components to downstream system development and investment. layout.

CEEG (Shanghai) Solar Science & Technology Co., Ltd, is a solar manufacturer of solar PV modules. The company is mainly engaged in the research, development, production, construction, sale and service of solar modules, PV power generation system and related products. All CEEG solar modules have obtained TUV certification.

CEEG is a Group Company, who has more than 30 years of experience in manufacturing electrical equipments, including transformers, solar panels, solar inverters, solar batteries, and ...

CEEG is a Group Company, who has more than 30 years of experience in manufacturing electrical equipments, including transformers, solar panels, solar inverters, solar batteries, and solar integrated storage systems. And CEEG is the TOP10 transformers company in China.

Since 2004, CEEG PV industry led by Dr. Zhao Jianhua has been keeping the world laboratory record of light-to-electricity at a 25% conversion rate and has been building up the whole photovoltaic industry chain from silicon, ingot and wafer to silicon solar cell, PV module and application systems.
