What is cellvault 5m modular battery storage?

The CellVault-5M Modular Battery Storage provides a safe haven for the batteries you rely on the most. Protect those high-drain cells that power your critical flashlights & gear.

What is a cellvault 5m?

Whether you need AAs or CR123's for a helmet light or NVGs, 18350's for your pistol, 18650's for your rifle, or AAA's for your electronic ear protection, the CellVault-5M can be configured to carry exactly what you need. It keeps cells safe, dry, and attached to your gear. Always be ready for that critical reload away from base.

What batteries can be stored in a cellvault 5m case?

The CellVault-5M Modular Battery Storage is customizable protection for all the lithium-ion batteries you need in the field. It can fit CR123, 18650, 18350, AAA, 1632, CR2032, and AA batteries in modular inserts. The case includes 6 modular inserts for CR123, 18350, and 18650 batteries, plus wells for CR2032s.

What is cell vault battery storage?

The CellVault Battery Storage protects batteries and other critical gear while keeping it accessible and organized. Its integrated webbing clip allows you to access the CellVault's contents without removing it, or you can quickly detach it for more control. This is the original CellVault size.

How many CR123 batteries can a cell vault store?

It can store three CR123, four AAA, or two AA batteries, as well as small survival supplies. The CellVault Battery Storage protects batteries and other critical gear while keeping it accessible and organized. Its integrated webbing clip allows you to access the CellVault's contents without removing it, or you can quickly detach it for more control.
