Chongqing Yubei Flexible Solar Module Project has a significant power generation, increasing Chongqing's sun hours from 800 to 940. Chongqing HG New Energy Group Co., Ltd. (HG GROUP), a professional manufacturer specializing in the research, production, and sales of flexible solar modules, successfully implemented a 1.023MW distributed photovoltaic power ...

Chongqing HG New Energy Group Co., Ltd. (HG GROUP), a professional manufacturer specializing in the research, production, and sales of flexible solar modules, successfully implemented a 1.023MW distributed photovoltaic power station project on the rooftop of an automobile enterprise in Yubei District, Chongqing, in early 2023.

HG ENERGY GROUP is a professional solar company located in Changzhou city and invest a New Intelligent solar manufacture located in Rongchang district of Chongqing City, which is known as "Haitang Xiangguo", total capacity 1.8GW complete with six high-end and intelligent production lines for solar cells and modules with high quality QC management.

Chongqing HG New Energy Group Co., Ltd., as the &quot;leader&quot; in the flexible solar module manufacturing industry, continues to innovate in the manufacturing of lightweight & flexible modules and always adheres to the following points. 1. Material selection: Select high-quality and high-efficiency monocrystalline silicon solar cells, combined with ...
