

# Commission for photovoltaic panel leasing salesperson

How do solar sales reps get paid?

**Commission Structure for Solar Sales Reps** The majority of solar salespeople are paid on a straight commission pay structure without a base salary. Their commission structure can be a lot more complicated than canvassers and territory managers because their overall sales compensation is based on several different commission calculation methods.

What is the difference between a power purchase agreement and solar leasing?

A power purchase agreement allows you to lock in your energy costs and access low-cost renewable energy without investing much money upfront. -Solar leasing is a solar sales model in which you buy solar panels outright, and the company leases them to generate electricity.

What is solar leasing & how does it work?

Solar leasing is a solar sales model in which you buy solar panels outright, and the company leases them to generate electricity. You pay for the solar energy credits (S-ECs) generated by those solar panels annually, and any remaining balance is due on termination of the lease agreement.

What is solar PPA?

Solar PPA is a type of solar sale in which you buy a solar system from the company, and they install and maintain it for you. You pay an upfront cost and then receive energy from the system at a fixed rate for a certain period. The downside is that you may pay more than the system can generate over its lifespan.
