Somos una empresa apasionada por la energía solar y comprometida con un futuro sostenible para Guatemala. Desde nuestra fundación, hemos trabajado incansablemente para marcar la diferencia en el panorama energético del país.

Here are some reasons why this container home should be your choice for a sustainable lifestyle: Go Off the Grid with Our Solar Panels. With our 40' Off Grid Container Home, you can live anywhere without the need for electricity from the grid. Our solar panels provide all the power you need to live a comfortable life.

The number of solar panels that can fit in a 20-foot shipping container depends on various factors, such as the size of the solar panels and the desired configuration. It is recommended to consult with solar panel professionals or suppliers to determine the optimal number of panels based on the specific dimensions and requirements of the container.

Don't miss out on this incredible opportunity to power your future with solar energy at a remarkable value. Contact us today to secure your shipping container full of solar panels and unlock the power of the sun! Options Panel: Trina ...
