

Who is responsible for the energy security activity in Moldova?

The four-year Moldova Energy Security Activity is implemented by Tetra Tech ES, Inc., with local and international subconsultants.

How can Moldova's energy system be integrated with Europe?

Improve physical and market integration of Moldova's energy system with Europe. Connecting Moldova's electricity system to the European grid is an important first step that will help create an open electricity market with neighboring countries and support fair and competitive procurement of cleaner energy.

Who owns Kuciurgan power plant in Moldova?

Russian energy giant Gazprom supplies the gas-operated Kuciurgan plant, which generates electricity that powers a significant portion of Moldova proper. The plant was privatised in 2004 by Transnistrian officials and later sold to a Russian state-owned company. Moldova doesn't recognise the privatisation.

What are the sources of electricity and gas imports in Moldova?

The sources of electricity and gas imports are not diversified and crucially depend on gas supply from Russia and electricity supply from the Moldavskaya GRES power station, which operates beyond the control of the Moldovan government.

Does Moldova have a good energy sector?

Moldova is also on the right path to developing a sound institutional structure in the energy sector, informed by better statistical data. The National Bureau of Statistics (NBS) is commended for its efforts to improve energy data collection and reporting.

Why is Moldova imposing a state of emergency?

More than half the world's population sees AP journalism every day. Moldova's parliament has voted in favor of imposing a state of emergency in the energy sector over fears that Russia could leave the European Union candidate country without sufficient natural gas supplies this winter.

Crest was established in 2009 by International Oil and Gas, a private equity fund which is listed on the main board in London (LSE: OGT), to be an independent Oil and Gas Service company. It has successfully started operations in the UAE and Saudi Arabia and will continue its expansion throughout the region.
