Kirloskar 3KW Transformerless Solar On-Grid Inverter's excellent scale of Protection, efficiency, and capacity makes it a preferred product for small scale and large scale operations. Solar Inverters Convert DC generated via solar module to AC making the energy consumable both for industrial and personal use.

Kirloskar Solar offers a comprehensive range of solar inverters, from 1kW to 60kW. Inverters are an ideal solar system solution for private homes, including small roofs as well as ideal for commercial roofs and large distribution projects.

Electricity from the sun: an initial investment of HRK 35,000 (4700 EUR) will pay for itself within six to eight years! The benefits of investing in a solar power plant on the roof of a single-family home in Croatia are up to 75 percent lowered electricity costs and will protect the buyer from rising market prices.

The need for renewable energy sources has never been more urgent. At Kirloskar Solar, our guiding principle to power the limitless, emboldens us to innovate and engineer sustainable solutions for a cleaner, greener world. With our strengthened resolve and profound vision, we marked our presence in the Solar Energy Generation sector.
