

Discover the Deye RW-M 6.1-B LFP battery, featuring advanced safety, high power density, and intelligent BMS. Ideal for residential and commercial applications, this modular and eco-friendly energy storage solution offers scalable capacity and versatile installation options.

This series lithium iron phosphate battery is one of new energy storage products developed and produced by Deye, it can be used to support reliable power for various types of equipment and systems. This series is especially suitable for application scenes of high power, limited installation space, restricted load-bearing and long cycle life.

Introducing the Deye RW-M6.1-B Lithium Iron Phosphate (LiFePO₄) Battery, the ultimate solution for reliable and efficient energy storage. Engineered with advanced technology, this battery pack is designed to meet the diverse power ...

Cobalt Free Lithium Iron Phosphate (LFP) Battery, safety and long lifespan, high efficiency and high-power density. Intelligent BMS, providing complete protection. Reliable Support high discharge power. IP65, natural cooling, wide temperature range: -20° to 55°. Flexible Modular design, easy to expand, Max. 32 units in parallel, Max. capacity of 196kWh. Suited to ...

RW-M6.1 Safer Cobalt Free Lithium Iron Phosphate (LFP) Battery, safety and long lifespan, high efficiency and high-power density. Intelligent BMS, providing complete protection. Reliable Support high discharge power. IP65, natural cooling, wide temperature range: -20°to 55°. Flexible Modular design, easy to expand, Max. 32 units in parallel,

Introducing the Deye RW-M6.1-B Lithium Iron Phosphate (LiFePO₄) Battery, the ultimate solution for reliable and efficient energy storage. Engineered with advanced technology, this battery pack is designed to meet the diverse power needs of both residential and commercial applications.

RW-M6.1 features a wall-mounted flat panel design to save space. With 120Ah capacity, nominal 51.2V voltage and total 57.6kWh energy, the LFP chemistry provides 90% depth of discharge and 6000+ cycles to 70% end of life. Battery dimensions are 475x720x145mm and 58kg weight.

Battery Parallel Cable (RW-M6.1-B-BCable300): 300mm length, waterproof terminals. Fixed Supports (RW-M6.1-B-Fixed support): For securing the battery when floor-mounted. Transform your energy management with the Deye 6kWh Low Voltage LFP Battery RW-M 6.1-B--where reliability meets efficiency, and sustainability meets performance.

DEYE Battery RW-M6.1 comes with the following features; Cobalt Free Lithium Iron Phosphate (LFP)

Battery, a safe and long lifespan, high efficiency, and high-power density. Intelligent BMS, providing complete protection.
