

Disputes over the installation of photovoltaic panels

How do I file a lawsuit against a solar energy company?

This can include documents such as your solar energy contract, photographs of any damage, correspondence with the solar company, and any other relevant information. While you may be able to handle a small claim on your own, it's generally advisable to hire a lawyer who specializes in solar energy litigation.

Is the solar industry free from legal disputes?

Although solar is now the fastest-growing energy source in the US, the solar industry is not free from legal disputes. Most of the cells needed to produce it are imported from abroad, and as a result, the sector has been caught up in some of the biggest trade disagreements in recent years.

How do I complain about a solar panel company?

You can submit a complaint to the solar panel company's BBB page. This does not fall under an official, legal complaint category, and it isn't a guarantee of follow-up action for your issue, but it gets your issue known. If you are lucky, the solar panel company might follow up with customers and give you a response.

Can I sue a solar company?

If your solar company fails to properly install the system or causes damage during the installation process, you may be able to take legal action to seek compensation for repairs or other damages. If you find yourself in a situation where you believe suing your solar company is necessary, there are a few key steps you'll need to take:

Can I sue a solar company for misrepresentation?

If so, you may be able to sue them for misrepresentation or fraud. This can include exaggerating the energy savings or making false promises about system performance. In some cases, the installation of a solar system can cause damage to your property.

Are there any problems with solar panels?

A few of the problems we've seen come up repeatedly in solar lawsuits are below. Many companies that install solar panels promise they'll maintain them or repair them, often for extremely long periods of time (up to twenty years).
