

Does the photovoltaic bracket have a warranty period

What is a solar panel performance warranty?

A solar panel performance warranty guarantees that a home solar panel installation will meet or exceed a baseline of electric power output over the panels' lifetime and warranty period.

How long does a solar panel warranty last?

A 25-year performance warranty is the industry standard for top-tier solar panel manufacturers. Material warranties can be shorter, and while 10 years is fairly typical, that number can vary by manufacturer. Here is a breakdown of the warranties provided by four of the top solar manufacturers: What Can Void A Solar Panel Warranty?

Do you need a solar panel warranty?

Going solar is a big investment, and you'll want to make sure your solar panels are protected and will last for years to come. That's where a solar panel warranty comes into play. Your warranty can cover the cost of things like replacement panels, repairs and labor. It can also cover the performance of the solar panel system.

What types of warranties cover solar panels?

There are two basic types of warranties that cover solar panels. A product warranty protects you from defects in a solar panel stemming from material quality or manufacturing errors. This is also referred to as an equipment or materials warranty

What does a solar installation warranty cover?

While manufacturer warranties primarily cover issues related to the solar panels themselves, such as material defects, workmanship defects, and loss of power output, the solar installation warranty extends additional protection to the entire photovoltaic system.

What is a solar energy power output warranty?

Solar energy power output warranties help guarantee that your panels won't rapidly lose efficiency, which would lead to lower and lower energy savings over time. The typical solar array pays for itself in around 11 years and provides energy savings of more than \$31,513 over the following 14 years of expected panel life.

Purchaser for a period of twenty five (25) years following the Effective Warranty Date (hereinafter referred to as "Limited Product Warranty Period") that the MODULES (together with the factory ...
