

Since 2020- Targeting solar electricians on and off island; Be it in Dominica or on other Caribbean islands. Or for 'hands On'; customers willing to save by 'Doing it themselves'. We deliver a pre-designed, pre-mounted and wired, pre-tested solar kit. Save on installation costs!

Dominica's Renewable Energy initiatives are central to the nation's vision of achieving energy independence and sustainability. Known as the " Nature Island of the Caribbean ", Dominica leverages its abundant natural resources -- geothermal, hydroelectric, solar, and wind energy--to reduce reliance on imported fossil fuels, lower ...

Dominica already has substantial geothermal, solar and wind power capacities making the island an ideal location for energy generation from these resources. Those looking to invest in renewable energy will find a welcoming and supportive environment in Dominica.

Dominica explores the stable and continuous flow of power from geothermal energy. Unlike wind or solar, this resource offers a consistent supply, unaffected by the time of day, and maintains the untouched beauty of the Roseau Valley by harnessing energy from beneath the surface.

A new programme from the European Union has also been announced which will support Dominica's renewable energy sector through a multitude of ways. One of its aims is to render the country's international ...

Since 2020- Targeting solar electricians on and off island; Be it in Dominica or on other Caribbean islands. Or for 'hands On'; customers willing to save by 'Doing it themselves'. We deliver ...

Based in Dominica, we offer products, installation and maintenance services. We offer a range of solar systems specially designed and tested for tropical conditions, from the most compact one able to power a simple phone/laptop/ ...

The 20FT Container 250kW 860kWh Battery Energy Storage System is a highly integrated and powerful solution for efficient energy storage and management. This all-in-one containerized system combines an LFP (LiFePO4) battery, bi ...

Based in Dominica, we offer products, installation and maintenance services. We offer a range of solar systems specially designed and tested for tropical conditions, from the most compact one able to power a simple phone/laptop/ tablet and a few bulbs, to larger solar systems tailored to power entire homes or businesses such as resorts.

A new programme from the European Union has also been announced which will support Dominica's

renewable energy sector through a multitude of ways. One of its aims is to render the country's international airport energy-independent and disaster-resilient by installing a solar power plant within the airport.

Solar and battery storage systems provide energy access on and off the grid to ensure reliable electricity flows even during critical disruptions. Roseau Valley, Dominica -- The Island of ...

Solar and battery storage systems provide energy access on and off the grid to ensure reliable electricity flows even during critical disruptions. Roseau Valley, Dominica -- The Island of Dominica came one step closer toward its goal of becoming

Based in Dominica, we offer products, installation and maintenance services. We offer a range of solar systems specially designed and tested for tropical conditions, from the most compact ...

Dominica has a very high solar potential and set a renewable energy mix target of 100% by 2035. Presently Dominica's energy mix is comprised of 37% renewable energy on the public grid. Its electrical demand peaks at 13MW and its electricity prices are high relative to ...

Solar energy is another area of focus for Dominica, with several small-scale solar projects already in operation. In 2019, the government launched the Solar Street Lighting Project, which aims to replace traditional streetlights with energy ...

The 20FT Container 250kW 860kWh Battery Energy Storage System is a highly integrated and powerful solution for efficient energy storage and management. This all-in-one containerized system combines an LFP (LiFePO4) battery, bi-directional PCS, isolation transformer, fire suppression, air conditioning, and an intelligent Battery Management ...
