

Download the East China Power Grid WeChat applet

How do I associate a repository with a WeChat-applet topic?

To associate your repository with the wechat-applet topic, visit your repo's landing page and select "manage topics." GitHub is where people build software. More than 100 million people use GitHub to discover, fork, and contribute to over 420 million projects.

Why is China building a UHV power grid?

State Grid is also building a world-leading set of ultrahigh-voltage AC lines, to help eastern China's regional AC grids absorb the output from those massive lines. "The UHV AC power grid is like a deep-water port, and the UHV DC is like a 10,000-ton ship.

Is China's UHV grid better than the rest of the world?

Gregory Reed, a DC transmission expert who runs the University of Pittsburgh's Center for Energy, says China's UHV grid puts it far ahead of the rest of the world. "They're investing significantly, and they've gone right to the highest levels of technology capability from day one. There's no comparison anywhere else in the world.
