

Are solar energy systems a good solution for South Africa?

Many South Africans have experienced load shedding and coal-fired power plant failures and are searching for a better solution. Through introducing our solar energy systems you can realise real savings on your electricity bill and mitigate the high costs of annual above inflation energy price increases.

How can solar power empower the Eastern Cape?

To empower the Eastern Cape through accessible solar solutions, driving energy independence and environmental stewardship. We envision a greener Eastern Cape where renewable energy is ubiquitous, fostering sustainability and resilience for future generations.
