

Are Latinobarómetro's results a reflection of El Salvador's recent political outcomes?

Latinobarómetro's most recent survey results for El Salvador are both predictable and puzzling as a reflection of the country's recent political outcomes. In 2020, a year after Nayib Bukele won the presidency and put an end to the two-party political system, approval for democracy shot up to 48% from 28% in 2018.

Is El Salvador a water-stressed country?

El Salvador is the most water-stressed country in Central America, but little is being done to ensure long-term access to water and energy production. Aquifers are not being replenished sustainably, and surface waters are highly contaminated.

Where can I find information on El Salvador and bilateral relations?

For information on El Salvador and bilateral relations through mid-2020, see archived CRS Report R43616, *El Salvador: Background and U.S. Relations*. Manuel Meléndez-Sánchez, "Latin America Erupts: Millennial Authoritarianism in El Salvador," *Journal of Democracy*, vol. 32, no. 3 (July 2021), pp. 19-32.

Is El Salvador a 'strategically important' project?

In January 2023, the legislature approved a new law for government purchases that allows the executive to declare bidding and costs to be confidential if the project is deemed of "strategic importance." Respect for civil rights in El Salvador is one of the most important legacies of the 1992 Peace Accord.

What are the perceptions of corruption in El Salvador?

Perceptions of corruption in El Salvador improved most for members of the National Assembly and local government officers, with 16- and 15-point decreases in the percentage of respondents who believe that most or all of these actors engage in corrupt practices. Political parties are considered the most corrupt institution in El Salvador.

Is El Salvador a secular country?

El Salvador is a nominally secular country, but its current constitution recognizes the legal standing of the Catholic Church, while other churches must apply for theirs. Most churches do not engage in electoral politics, but religious leaders do express their opinions and are listened to carefully.

Finally, El Salvador's nascent party system remains deeply polarized, impeding progress toward the accords' other aims. The incomplete state of El Salvador's transition was underscored by a recent development that attracted much national and international attention: In March 2012, the country's two largest gangs, the Mara Salvatrucha ...
