

Where can I find electrical enclosures in South Africa?

Visit Eldon / nVent Hoffman electrical panels for more information Electrical Enclosures suppliers in South Africa - call ATI Systems As is the case with numerous other industrial applications, ATI Systems are also at the forefront as far as the supply of electrical enclosures is concerned.

What is a spacial & Thalassa electrical enclosure?

From small boxes to large floor-standing cabinets, Spacial and Thalassa electrical enclosures suit all applications in industry or infrastructures. In addition, ClimaSys thermal protections keep inside temperature and humidity under control to maximise lifespan of all embedded electrical and electronic components.

What is a universal enclosure?

Our Universal Enclosures provide a reliable and secure housing solution for your valuable electrical equipment. At Schneider Electric, we understand the importance of protecting your electrical components from external elements and ensuring their optimal functionality.

What is a spacial enclosure?

Spacial enclosures are available in two stainless steel grades: 304L: corrosion-resistant and easy to clean. Suitable for food production. 316L, also known as "marine stainless steel": a very high resistance to corrosion by salt or chlorine. Floor-standing and wall-mounted enclosures for IT applications (voice, data, and image).

What applications can I use a customised enclosure for?

Both standard and customised enclosures are offered to suit different applications including process automation, power distribution and control, switch disconnection, junction and marshalling, motor control centres, climate control and data and communications.

Suitable for 3 to 72 modules, the waterproof enclosures provide complete protection to everything from industrial sockets to command modular devices and beyond. Simple to install and highly robust, the waterproof enclosures will guarantee your installations stay fully ...
