Jupiter Power is proposing to build and operate Oyster Shore Energy Storage, an approximately 275-megawatt battery energy storage system in Glenwood Landing, New York. The proposed facility will be on the site of the current Global Oil terminal and will connect to LIPA's nearby substations along Shore Road.

1 ¶; A lithium-ion battery used as part of a student project sparked a blaze at Staten Island Technical High School last week. google "Due to the increased use and visibility of lithium-ion ...

Jupiter Power Company's proposed lithium battery facility in Glenwood Landing and the Propel NY Energy Project have drawn concern and speculation from residents in the Town of North Hempstead...
