The comprehensive enexion 360° approach integrates energy markets, direct wholesale procurement, regulatory developments in the field of grid usage, the political-legal environment, control and management processes, and efficiency technologies with customer-specific requirements and structures.

enexion is a company that provides independent total energy cost management services. It specializes in energy procurement, portfolio, and risk management, optimization of ancillary costs, ensuring compliance, and smart greening.

For 20 years, enexion has been an independent service provider with its teams of experts for energy-intensive companies and data centres in a globally unique, complex energy transition market, continuously and systematically reducing costs and risks as well as reducing workload.
