Founded in 1942, FIAMM is an internationally recognised leader in the development and supply of a wide range of industrial batteries and energy storage systems. FIAMM design and manufacture backup power solutions to guarantee the continuity of the energy supply to the applications when the main power is cut off.

FIAMM Reserve Power Solutions is an internationally recognised leader in the development and supply of a wide range of industrial batteries and energy storage systems. We design and manufacture backup power solutions to guarantee the continuity of the energy supply to the critical applications when the main power is cut off.

FIAMM's industrial batteries guarantee safety and reliability for the industries of telecommunications, energy storage, industrial processes, data transmission, and every application that needs a continuous and reliable energy flow. Their industrial batteries are crucial in a wide range of fields because they guarantee total dependability.

FIAMM Energy Technology is a multinational company engaged in the production and distribution of batteries and accumulators for motor vehicles and for industrial use, born following the separation from FIAMM Group of the business of automotive batteries and industrial batteries with lead-acid technology.

Alpine carries the full line of FIAMM Reserve Power Batteries in large quantities. FIAMM manufactures industrial lead-acid batteries for many industries including data centers, ups, ...

Its Acoustic Signals are present in eighty percent of vehicles produced worldwide, while in the Industrial Batteries sector, FIAMM is one of only three global producers and the third producer in Europe. FIAMM represents over 70 years of history, approximately 3,000 employees and 620 million euros in receipts.

FIAMM Energy Technology is a multinational company engaged in the production and distribution of batteries and accumulators for motor vehicles and for industrial use born following the separation from

FIAMM Group of the business of automotive batteries and industrial batteries with lead-acid technology.

Alpine carries the full line of FIAMM Reserve Power Batteries in large quantities. FIAMM manufactures industrial lead-acid batteries for many industries including data centers, ups, telecom, renewable energy, security, alarms, railways, utilities, switchgear, oil & gas, and more.
