

Our Goal at Battery Depot is to be Your Solution for Batteries for Every Need. If what you use has a Battery, chances are we have it. We stock over 250 different Battery Types and Models, and we source equipment specific batteries as ...

While Solar PV is readily available in Trinidad and Tobago, irradiated heat is also available in abundance. To supplement solar PV which uses the sunlight to produce electricity, we also provide solutions which capture the Sun's heat and convert it to electrical energy.

Using a solar battery can help users to reduce the amount of electricity they would normally buy during peak hours. The battery can store the extra energy produced from solar panels during the day to avoid using electricity at a more expensive rate.
