

What makes Sunnen unique?

For over 100 years, Sunnen has built a global business around delivering the highest levels of precision to our customers. Combining a robust distribution network with industry-leading technology, Sunnen integrates bore creation, sizing and finishing into one turnkey solution. Together, we'll achieve extraordinary results.

Where does Sunnen work?

Sunnen works across the most demanding industries to deliver performance where it counts. Our roots are in the US, but our reach extends around the world. Manufacturers in every corner of the globe associate the Sunnen name with exceptional quality.

Do you have a "Sunnen solution" for your bore sizing challenge?

No matter what your bore sizing challenge may be, anywhere in the world, we have the "Sunnen Solution" for you! Produce more precise, faster and easier - We customize your individual system!

How does Sunnen support customers?

Customers are supported from there in the daily use of their Sunnen products and in achieving their corporate goals. Around 35 employees, almost 20 of whom work in sales and service, are thus close to the customer and work with great enthusiasm to develop a customised solution for the customer's machining task.

What can Sunnen do for You?

Choose your solution! Sunnen provides honing, skiving-roller burnishing, deep hole drilling and lapping solutions for an incredibly wide range of industries and applications, either as manual stand-alone machine or fully automated. Produce more precise, faster and easier - We customize your individual system!

Is Sunnen the most innovative energy company in Germany?

The business magazine 'brand eins' and Statista placed Sunnen among the most innovative energy companies in Germany. In the "Energy and Environment" category, Sunnen was the only entrant to receive the highest rating among companies with 250 to 1,000 employees. How can we help you further?
