

Triathlon's solid network of sales and service partners provide competent solutions and reliable onsite service. ... The "Made in Germany" Triathlon Lithium-Ion battery system consists of Lithium-Ion battery cells and modules, intelligent monitoring and control systems, extensive safety componentry, and a high-frequency opportunity/fast ...

TRIATHLON produces Lead-Acid batteries and Lithium-Ion battery systems in multiple locations throughout the world under state-of-the-art conditions. As a company with a manufacturing ...

TRIATHLON Lithium-Ion battery systems "Made in Germany" are characterised by intelligent monitoring and control electronics. The appropriate high-frequency fast charger communicates with the battery or the industrial truck via CAN bus.

In October of 2014, Triathlon Batterien GmbH opened an ultramodern production facility for traction/motive power batteries in Glauchau, Saxony. Here, we develop and assemble lead acid batteries and lithium-ion batteries for all motive power industrial applications.

Endurance, commitment and maximum performance under all conditions The philosophy of Triathlon Battery Solutions. Triathlon has made it a priority to manufacture high-performance traction/motive power batteries that consistently exceed the high standards for heavy-duty and multi-shift operations... just like in competitive sports, which require great endurance, ...

TRIATHLON, a Sunlight Group Company, is a cell and battery assembly manufacturer and developer of Lithium-Ion and Lead-Acid batteries and chargers. We produce batteries for a wide range of ...

The maintenance-free, sealed AGM batteries of the long-standing and globally positioned manufacturer TRIATHLON are made for the highest demands. Perfectly suited for use in uninterruptible power supply (UPS), in telecommunications, in automation technology, in intrusion and fire alarm systems and in emergency lighting, they guarantee ...

Triathlon Battery Solutions Australia Pty Ltd | 247 followers on LinkedIn. Endurance, commitment and maximum performance under all conditions | As an assembly manufacturer and developer of Lead-Acid batteries and Lithium-Ion batteries, TRIATHLON produces batteries for a wide range of industrial motive power applications including electric forklifts and pallet trucks, mobile lifting ...

Triathlon Batterien (part of TRIATHLON Group) delivers high-performance Lead-Acid & Lithium-Ion solutions for electric forklifts, trucks, industrial vehicles, and more! Explore our full portfolio for a reliable and innovative power source: Products

Triathlon Battery Solutions Ltd ist die britische Niederlassung der Triathlon Batterien GmbH. Wir sind spezialisiert auf Blei-Säure-Batterien und Lithium-Ionen-Batteriesysteme für den Einsatz in elektrischen Gabelstaplern, Hubwagen, elektrischen Flurförderzeugen, mobilen Hebebühnen und anderen Elektrofahrzeugen.

Triathlon Battery Solutions Ltd (UK) | 2,391 followers on LinkedIn. We build, supply and offer servicing, on Lead Acid and Lithium-Ion electric truck batteries and charging systems. | Triathlon® Battery Solutions Ltd is the UK branch of Triathlon®, one of Europe's largest assembly manufacturers of Lead Acid and Lithium-Ion battery systems and chargers. Triathlon® ...

Learn more about The Glauchau, Germany Plant - We are Triathlon Batteries Solutions, Inc. - Call us for more information on 0161 848 0094. Lithium-Ion Forklift Batteries; Lead Acid Batteries; ... High-performance battery technology, made in Germany ...

TRIATHLON powers your world by leading the way in batteries. We design and manufacture innovative battery solutions for industrial and leisure mobility, as well as energy storage systems for renewable energy sources. Browse all products

We specialise in lead acid batteries and Lithium-Ion battery systems for use in electric forklifts, pallet trucks, electric industrial trucks, mobile lifting platforms and other electric vehicles. Our ...

We offer an extensive product range from which we select the perfect solution for every challenge: From the motive power battery in proven Lead-Acid technology to charging systems and the most innovative Lithium-Ion battery systems. ...
