

Who is Hammond power solutions?

Hammond Power Solutions (HPS) was established in 1917 and has continued to grow as the North American stand-alone leader for the design and manufacture of high quality custom electrical dry-type transformers and related engineered magnetic devices.

What type of transformer does Hammond power solutions offer?

Hammond Power Solutions offers thousands of standard dry-type transformers from 25VA to 5MVA. The company's cast coil units go up to 8MVA, 33kV class. Hammond Power Solutions' liquid-filled transformers can be from 50kVA to 50MVA and up to 132kV class. Designs are cost-effective and our transformers are built with modern manufacturing techniques.

How do I contact Hammond power solutions?

Asia Corporate Office & Plant Tel: +91-994-995-0009 Canada (Corporate Office - for Canadian & International Inquiries) Toll Free: 1-888-798-8882 Tel: (519) 822-2441 Fax: (519) 822-9701 EMEA Hammond Power Solutions SpA Tel: +49 (152) 08800468 United States (for U.S. Sales Inquiries) Toll Free: 1-866-705-4684 Tel: (608) 356-3921 Fax: (608) 355-7623

Who are the national companies of Hammond power solutions?

National Companies: PETE - Hammond Power Solutions P (Cast Coil & VPI) Hammond Power Solutions (VPI & Cast Coil) Hammond Power Solutions (VPI & Cast Coil) Delta Transformers (EVI) Hammond Power Solutions, S.p.A

What services does Pete-Hammond provide?

Service Capability PETE-Hammond provides comprehensive transformer service to ensure that your transformers operate at optimum performance. Our field service team provides preventative maintenance that minimizes future unscheduled downtime and extends the life

Hammond Power Solutions, firma de origen canadiense, abrió su cuarta planta con una inversión de 250 millones de pesos, ahora en el Parque Industrial Arende, ubicado ...

Bill Hammond renamed his transformer division Hammond Power Solutions, which manufactures custom and catalog transformers and related magnetics. This reorganization has enabled both companies to pursue their strategic goals independently, providing an orderly succession to the next generation of the Hammond family and an opportunity to create ...

We engineer and manufacture a wide range of standard and custom transformers that are exported globally in electrical equipment and systems. We support solid industries such as oil and gas, mining, steel, waste and water treatment, commercial construction, data centers and wind power generation.

We engineer and manufacture a wide range of standard and custom transformers that are exported globally in electrical equipment and systems. We support solid industries such as oil and gas, mining, steel, waste and water treatment, ...

Hammond Power Solutions (HPS) enables electrification through its broad range of dry-type transformers, power quality products and related magnetics. HPS standard and custom-designed solutions are essential and ubiquitous in electrical distribution networks within an extensive range of industries including renewable energy, EV charging, data
