

Why should you choose CGC solar?

CGC has issued over 3,600 PV product certificates and has served more than 60 GW of solar power plants. The industry widely recognizes CGC's technical capabilities and service quality. Its testing and certification results have been accepted by government agencies, developers, financial institutions, and other parties.

Does CGC offer indoor & outdoor PV Testing?

CGC has complete indoor and outdoor testing capabilities. It has a 5,000 m² indoor PV testing center in East China, and outdoor validation bases for different climate types in Heilongjiang, Inner Mongolia, Hebei, Zhejiang, and Hainan. This allows CGC to provide one-stop testing and certification services for customers.

How does T&V S&D evaluate PV modules?

T&V S&D evaluates the performance of your PV modules to ULC/ORD-C1703, UL 1703 and IEC 61730 safety standards as well as IEC 61215 and IEC 61646 performance standards. Our experts conduct factory audits that include initial and follow-up surveillance for manufacturing facilities.
