

Who is Gonvarri solar steel?

Product design is based on industry best practice, with a strong R&D component, seeking cost-optimised and efficient customised solutions. Gonvarri Solar Steel focuses on the research, design and supply of metal structures for the solar photovoltaic sector.

Why should you choose Gonvarri solar steel?

Gonvarri Solar Steel's fixed structures are fully adaptable to customer and project needs. Our solar tracking control system uses algorithms and sensors to calculate the optimal positions of solar panels in real-time. Specific and standard solutions for rooftop and canopy projects, ground-mounted, fixed, and tracker systems.

Where are Gonvarri Steel Industries located?

Gonvarri Steel Industries are located at Prolongacion De Embajadores S/N, Madrid, 28053, Spain. They also have locations at Trafalgar Works, Union Street, West Bromwich, West Midlands, England, B70 6BZ and 37 Burnett Road, Streetly, Sutton Coldfield, West Midlands, B74 3EL.

Who are solar steel & imports?

Solar Steel and Suports are the two companies in the group dedicated to designing and supplying ad hoc photovoltaic solutions for each type of project. We design and supply solar trackers and fixed structures for the solar photovoltaic sector with global design, manufacturing and supply capabilities.

Gonvarri Solar Steel specializes in providing photovoltaic solar energy solutions within the renewable energy sector. The company offers solar trackers and fixed structures designed to support solar panels, as well as a comprehensive range of services from pre-execution to project execution and after-sales support.

Solar Steel, a division of Gonvarri Steel Services, has begun supplying its RackSmarT[®]; fixed solar structure to the Nuñez de Balboa project, which will become the largest photovoltaic solar plant built to date in Europe. ...

6th February; Gonvarri MS R& D, our R& D centre located in Asturias (Spain), is working on the fatigue design of solar trackers to extend their operational life in the project "EXO-LISS - Extending operational life of Solar Steel structures" in collaboration with the Dynamics, Materials and Structures Research Group (DyMaSt) of the University of Oviedo ...

6th February; Gonvarri MS R& D, our R& D centre located in Asturias (Spain), is working on the fatigue design of solar trackers to extend their operational life in the project "EXO-LISS - ...

As part of Gonvarri Industries, we closely align with its vision of carbon neutrality through the Carbon Neutral project. This ambitious plan aims to make us a completely carbon-neutral company by 2050, adopting

concrete actions to reduce our ...

Solar Steel, the solar business line of Gonvarri Industries, is a leading company in the design and supply of solar trackers and fixed structures for the solar PV industry. Innovation is at the core of our DNA, constantly evolving all processes to meet each customer's requirements.

Gonvarri Solar Steel focuses on the research, design and supply of metal structures for the solar photovoltaic sector. Our great capacity in R& D, and our extensive experience supplying solar trackers and fixed structures to projects in the 5 continents, allows us to optimize costs from the design stage and collaborate closely with our ...
