

Who is Greenergy?

About Greenergy Greenergy was founded in 1992 to supply low sulphur fuels. Over more than 30 years, the business has become an established supplier and distributor of transportation fuels. Greenergy is also a leading European manufacturer of biodiesel from wastes, operating plants in the UK and the Netherlands.

Why did Greenergy acquire Trafigura?

Adam Traeger, Chief Executive Officer of Greenergy said: " The acquisition by Trafigura is an exciting step for Greenergy as we look to accelerate our growth. We are looking forward to working with the Trafigura team to expand our reliable supply of transport fuels, and enhance Greenergy's offer to our customers." ENDS

Does Greenergy sell in Canada?

Greenergy also markets in Ireland through the Inver Energy and Amber Petroleum brands and entered the Canadian market in 2013 supplying commercial and wholesale customers from its rail-fed terminals in Ontario and British Columbia.

At Greenergy Europe Choice Store, we are dedicated to transforming the way you experience cycling. Founded on July 16, 2024, our store on AliExpress offers a wide range of high-quality Conversion Kits and Electric Bicycle Motors that blend innovation with sustainability.

Trafigura Group Pte Ltd and Greenergy, a UK-based supplier of road fuels and a major European biodiesel producer, today announce that Trafigura has completed the acquisition of Greenergy's European and Canadian supply businesses from Brookfield Asset Management and its listed affiliate Brookfield Business Partners.

As Europe's largest manufacturer of waste-based biodiesel, renewables are integral to our core strategy. Our global supply chains gives us flexibility to source the lowest-cost feedstocks and products, ensuring reliable supply to our market-leading customers.
