

Who is illuminate USA?

Illuminate USA is an American advanced manufacturing company. We are committed to developing renewable energy solutions through cutting-edge solar panel technology, sustainable practices and a dynamic workforce. Illuminate USA's new manufacturing facility is assembling solar panels ready for installation.

Who will buy illuminate USA solar panels?

Invenergy, a Chicago-based developer of several solar projects in Ohio, will be the primary customer for Illuminate USA's panels. "They have projects all over the country and they do those renewable projects, so they need utility solar panels," Heis said. Invenergy is also one of the joint investors in the new company.

Where is illuminate USA located?

In the sleepy Midwestern town of Pataskala, Ohio, a 1mn sq ft factory built on former farmland is marked with a sign: Illuminate USA. The utilitarian building is due to start production this month as one of the largest solar panel manufacturers in the US.

Is illuminate USA based in China?

Not everyone is as excited. Illuminate USA is a joint venture between Invenergy, the largest private US renewables developer, and Longi, the world's largest solar panel manufacturer. The latter partner has aroused local suspicions because it is based in China.

Why is illuminate USA opening?

Illuminate USA is opening as a global panel glut dents the profitability of solar manufacturers. China doubled its capacity last year and produces three times the global demand, the IEA estimated. "Solar is likely to be the energy source of the 21st century.

How big are illuminate solar panels?

Panels built at the factory will be used for utility-scale solar operations, so that panels will be larger than residential solar panels. Illuminate USA's panels will measure about 7.5 feet by 3.7 feet and weigh about 72 pounds each.

Illuminate USA started production in February at a 1.1 million-square-foot facility in Pataskala. The company is a joint venture between American renewable energy company Invenergy and LONGi, a Chinese solar panel manufacturer. Eric Heis, a spokesperson for Illuminate USA, said the company is not receiving any credits from the IRA by opening ...
