

With years of experience in solar power generation and energy storage, Geepower delivers high-performance, reliable products. Our systems are designed to optimize energy use, ensuring efficient power storage and long-lasting performance in every project.

Explore Geepower ATHENA A Series, the Wall Mounted Residential ESS that revolutionizes home energy storage. As a premier OEM energy storage manufacturer, Geepower delivers custom branding and packaging solutions with a commitment to quality.

15KWh 30KWh Residential ESS 5Battery Module LiFePO4 cells, high energy density. with 51.2V 100Ah 5.12kWh capacity. 6000+ cycle life, 10-year lifespan. Scalable by stacking/paralleling. 5Inverter with 5.2kWh off-grid AC output. 150-430VDC PV input range. Optional WiFi connectivity. 5Smart BMS, Independent module monitoring.

Whether it is reducing peak demand charges, enhancing power quality and reliability, or integrating renewable energy sources, we harness the power of advanced technologies to optimize your energy management systems.

LG CNS, a leading energy solutions and services provider across energy storage, microgrids, renewable energy and smart cities sectors, was awarded a \$43 million contract by the Guam Power Authority (GPA) to deliver, operate and maintain two Energy Storage Systems (ESS) that combined can deliver 40 megawatts (MW) of power output.

With years of experience in solar power generation and energy storage, Geepower delivers high-performance, reliable products. Our systems are designed to optimize energy use, ensuring efficient power storage and long ...
