

Is Haiti a solar power market?

Recently, many solar companies have seen Haiti as a huge market potential for solar energy. The founder of 10Power estimates that the potential solar power market is worth over \$500 million. In 2013, the completion of Hôpital Universitaire de Mirebalais came to an end. This hospital is the largest solar-powered hospital in the world.

Why did Zola electric join Haiti green solutions?

Energy technology company ZOLA Electric announced the partnership with local renewable energy pioneer Haiti Green Solutions for the deployment of its flagship energy technology platform to help address the energy crisis in the country, where the vast majority of its 12-million population lack access to reliable and affordable energy.

How much does diesel cost in Haiti?

Today, Haiti sees some of the highest diesel costs in the world, peaking at \$15 per gallon. Public facilities such as schools and hospitals relying on power from diesel-fuelled generators can even hardly maintain regular operations.

Driven by a passion for change and a commitment to our beloved nation, we set out on a mission to harness the abundant solar energy resources that grace Haiti year-round. We understood that by embracing the power of the sun, we could break the shackles of unreliable energy sources and reduce the environmental impact of energy production.
