

Residential Mortgage Whether you're buying or building your home, this is probably the single most important investment you'll ever make. With a Belize Bank H.O.M.E Residential Mortgage we can help make your dream of owning ...

Battery Bank: Stores the DC electricity generated by the solar panels for use when the sun is not shining.
Inverter: Converts the stored DC electricity in the battery bank into alternating current (AC) electricity, which can be used by household appliances.

Ideally, when selecting a charger for your battery bank, it is a good rule of thumb to follow the 10% Rule. That is, you will seek a smart charger who's amp rating is 10% of the total amp hours of ...

Tesla Powerwall is a fully-integrated AC battery system for residential or light commercial use. Its rechargeable lithium-ion battery pack provides energy storage for solar self-consumption, time-based control, and backup.
